

**CITY OF LAKE FOREST  
MEMBER OF THE CITY COUNCIL**

**MARCIA RUDOLPH**

**AGE 63**

**OCCUPATION:** Retired Teacher/Councilmember

As a long-time resident, I believe in Lake Forest's future, rooted in community values of family, home and church.

I am a member of the Historical Society, El Toro and Foothill Ranch Libraries' Friends, VFW Auxiliary, MCAS-ET Restoration Advisory Board, and Orange County Child Care Council.

I serve on the League of Cities Environmental Quality and Employee Relations Policy Committees and graduated from their Leadership Academy.

As our City enters its teen years, we must protect our quality of life.

I seek your vote to

- Pressure for immediate demolition of MCAS-ET runways
- Continue opposing City debt bonds encumbering our parks
- Complete the El Toro Road project
- Prudently plan for growth
- Master plan all roads and signals in the City
- Plan and build City Hall
- Expand recreation programs for all ages
- Construct indoor and outdoor sports facilities
- Oppose jail expansion
- Protect and encourage business
- Oppose Corporate Welfare Eminent Domain
- Improve safety, cleanliness and beauty for the whole city

As a member of the First City Council with a proven record of independence and accountability, I believe public service is service to you, the citizens.

As a mother, college graduate, retired teacher and homeowner, I ask for your most precious possession as an American citizen - your vote.
